

# CERTIFICATE

**HAGA Metallbau GmbH**  
**97461 Hofheim**

is member of A|U|F e.V. and has proven active commitment to aluminium and environment in the window and curtain walling industry.

- A|U|F ensures sustainable protection of the environment by re-using aluminium scrap originating from production and dismantled components on the basis of the aluminium recycling loop. End-of-life aluminium windows/doors/curtain walling elements are converted into new products.
- A|U|F ensures a qualified aluminium recycling loop in Germany and Europe.
- A|U|F guarantees that this valuable material remains in Germany and Europe.
- A|U|F ensures ecological processing of aluminium.

This Certificate will be re-issued after expiry of validity subject to continued commitment of the above company to the A|U|F recycling loop.

Frankfurt am Main, 31.01.2018
